

Inline Bussing Solution

Customizable BRIC Bussing Accessory

Chief presents a completely configurable bussing solution that simplifies wiring, while preserving a fully sealed system. As an accessory to the patent pending BRIC, this bussing solution is ideal for space restricted applications and features numerous options such as connecting agents, wire gauge, and more.

Specifications

- Electrical Load:** Up to 100A, Limitless with Ring Terminal Option
- Wire Sizes:** Up to 12AWG, Limitless on Feed End
- Wire Options:** 2-14 Wires Depending on Wire Size
- Terminal System:** TE 280 MCP Terminal System on Bussed End
- Fusion Technique:** Sonic Welded

Competitive Advantages

- Completely Configurable
- IP67 Dust & Water Protection
- Streamlines Wiring
- Power Feed Flexibility
- Eliminates Need for Busbar
- Saves Space
- Saves Time & Resources
- Infinite Connection Options
- Infinite Wire Options
- Custom Labels Available
